- by Suman Sood
- About Netaji Subhash Chandra Bose.
-- by Dr Kakali Mukherjee

2023 started off with a great momentum, Swapnopuron completed 11 years of its foundation along with so many celebrations accompanied this month. Swapnopuron Welfare Society celebrated Saraswati puja in the campus temple built in the main campus as well as in all the other three campuses. Setting up of the Stem lab in the main campus, the Rota Walk where our teachers participated, our students visiting for the Kolkata Literary Festival, setting up Health camp and finishing the month with a sports meet organized for the students have been some of the main highlights of the month.

Teachers Training program in Bolpur, Shantiniketan

To develop proper attitude towards creating appropriate lesson plans, required teaching-learning materials for effective time management and be productive in class, to design question paper, correcting notebooks, giving remarks, how can a teacher become a facilitator.

Setting up of the Stem Lab in Jorabottla Campus

Swapnopuron is so much grateful to UWK for the first and only STEM lab in The Sundarban. Our students will be able to learn and understand different concepts of science and mathematics with hands on experiences. The students are very eager to learn and experience different scientific equipments in the STEM lab.
